One Pager Directions

A one pager is a way to visually share key ideas and informationfrom what you have learned. When you create a one pager, youare trying to use both visual symbols and important words to clearly and concisely share your most important takeaways withsomeone else.

For this one pager, I've provided you with a template.

Here's what it MUST INCLUDE:

- A border of key quotations from the text
- The top half should focus on symbolism and themes fromthe text, including both words and images.
- The bottom half should focus on key characters from the textand how they develop, change, and interact. It should also include both words and images.

You may also add other symbols, drawings, and words that represent the subject as you wish.
